Warsaw, 13 January 2011

Pursuant to § 56 clause 1 point 1) of the Act of 29 July 2005 on public offering and the conditions for introducing financial instruments to the organized trading system and on public companies (Journal of Laws of 2005 No. 184, item 1539), the Management Board of Sygnity Spółka Akcyjna with its registered office in Warsaw, hereby informs about concluding a credit agreement with ING Bank Śląski S.A. with its registered office in Katowice.

The Management Board of Sygnity Spółka Akcyjna with its registered office in Warsaw ("Sygnity", "Company"), hereby informs that on 12 January 2011 it concluded with ING Bank Śląski S.A. with its registered office in Katowice a Credit Agreement ("Agreement") pursuant to which the Bank released to Sygnity a credit line amounting to PLN 30,000,000 (thirty million zlotys). Sygnity shall be entitled to use the line until 31 March 2012 ("End Date"). The End Date may be postponed by consecutive 12-month periods, not longer, however, than until 31 March 2022. Within the Agreement a guarantee line shall also be available.

The means obtained through the Agreement will facilitate execution of the assumed Group Development Plan for the years 2010-2012, in particular introduction of new models of Customer service, extending the product and service portfolio and establishing a new Small and Medium Business (SMB) Division. Furthermore, they will accelerate the process of consolidation of subsequent subsidiary companies.

The Agreement provides for a solid foundation for execution of the strategy of funding structure optimization, while lowering the financial costs will directly influence increasing the Sygnity Group's net profitability.

Within the funding obtained from ING Bank Śląski the Company has also gained access to guarantee lines, which will allow for execution of a greater number of projects, resulting thereby in an increase in revenues, in line with the assumptions of the plan for the years 2010-2012.

Using the financial means released pursuant to the signed Agreement will have no significant impact on a change of the Group's debt indicators. According to the Company's Management Board the Company will be provided owing to the Agreement concluded with ING Bank Śląski with faster and flexible access to the capital it needs, which will allow for acceleration of a number of development measures.
