Pursuant to § 5 section 1 point 22) of the Regulation of the Minister of Finance of 19 February 2009 on current and interim information published by issuers of securities and the conditions for regarding information required by the law of a non-member state as equivalent (Journal of Laws of 2009 No 33 item 259),

the Management Board of Sygnity Spółka Akcyjna with its registered office in Warsaw (hereinafter referred to as “Sygnity” or “Company”) hereby passes to the public domain the estimates of financial results of the Sygnity Group in the years 2010-2012.

With regard to the presentation of the Development plan of the Sygnity Group in the years 2010-2012, the Management Board passes to the public domain the estimates of financial results which the Group intends to achieve in the discussed period.

The Company’s Management Board estimates that the following will have been achieved by the Sygnity Capital Group by 2012:

1. EBIT profitability level of 5-7%.
2. increase of revenue up to PLN 650-700 million.

Fundamental and crucial objectives of the estimates

While estimating the results of the Sygnity Capital Group, the Sygnity Management Board assumed the following main operational goals:

1. focus on three key sectors of the market and the chosen group of clients,
2. launching an offer dedicated for small and medium-sized companies,
3. launching new models of consumer service as an operational or pay-per-user model,
4. intensive technology development also in the direction of B2C market.

Way of monitoring possibilities and implementation of the estimates

The Sygnity Management Board will monitor the implementation of the presented data on the basis of current estimates of financial results of the Sygnity Capital Group.

Periods when the Company will perform the evaluation of estimate implementation possibilities

The evaluation of implementation possibilities of estimated results will be performed on a quarterly and six-month basis, i.e. along with passing to the public domain a relevant period report.
Possible changes exceeding the aforementioned results by at least 10% will be passed to the public domain by means of a current report.
